TRANSFER STATION

REMINDER! Transfer Station Tokens can be purchased at the Town and Gido's Store. The Transfer Station is open Wednesday and Saturdays from 10:00 am to 5:00 pm. It is located north of the Town of Aberdeen one half mile north and 1/2 mile west on the SW 12-39-03W3rd

If you see a street light is out go to this address to directly report it to SaskPower

<https://saskpower.streetlightoutages.com/map/default.html>

Attention Pet Owners

We have a dog park located on Central Avenue, just North of the Rec Complex.

If you want to let your dogs run off the leash please take them to the park.

All pets when not on their owner's property should be on a leash unless at the Dog Park, not everyone enjoys a visit from your cat or dog.

Please clean up after your pets, if your pet defecates on someone's lawn it's your responsibility to clean it up. Homeowners are not happy when they are picking up someone else's poop. If you are found to not be cleaning up after your pet, you can be fined.

Thank you for your cooperation.

REPORT SPEEDERS / CRIMES

If you come across vehicles speeding in Town or some criminal activity, please call RCMP directly at: (306) 310-RCMP or (306) 310-7267.

The new Speed Limit Radar Sign has been installed – please obey all speed signs.

Remember:

on Central Avenue from Main Street to the end of McDonald Street. Slow down and watch your speed, this speed limit of 30kmh is in effect 365 days of the year!

It's never too early for a SNOW REMOVAL PLAN

Snow removal will be done on roadways from Monday thru Friday, and weekends by necessity only. Sand/gravel will be spread on streets and corners where icy, and as needed to help diminish potential risks to our residents and vehicular traffic.

Priority 1 School Route – Central Avenue, Main Street, Second Avenue and Thompson Street

Priority 2 Emergency Services – Industrial Drive, Fifth Avenue South

Priority 3 Residential Streets, Main Street Sidewalk

Priority 4 Alleys where required.

Back alleys are Town property and NOT a storage area! Bylaw Enforcement officer will be visiting any property owners who have left items in the alley. Please clear your back alley before snow falls for proper snow removal.

Fire Prevention Week ~ October 3-9, 2021

Hey Kids (Kindergarten to Grade 3) enter the draw to be **"Fire Chief for a Day"**. You could get some pretty cool things, get picked up & dropped off in the fire truck for school. Get the details from your teacher – the week of Fire Prevention.

This year's theme is : **"Learn the Sounds of Fire Safety!"**

➤ *Three Beeps Smoke Alarm Makes*

If there is a fire in your home, you may have as little as one to two minutes to safely escape. Focus on a home escape plan and the value of practicing it. Today's homes burn faster than ever—synthetic fibers are used in modern home furnishings, along with the fact that newer homes tend to be built with more open spaces and unprotected lightweight construction, contributing to increased burn rate.

People tend to underestimate their risk to fire, particularly at home. In a fire situation, we have seen advance planning can make a potentially life-saving difference.

A home escape plan includes working smoke alarms on every level of the home, in every bedroom, and near all sleeping areas. It also includes two ways out of every room, usually a door and a window, with a clear path to an outside meeting place that is a safe distance from the home. Home escape plans should be practiced twice a year by all members of the household.

Fire Safety Starts at Home...

Most fatal fires in Saskatchewan start in the home. Kitchen fires are the #1 cause of home fires. You can protect your family and property by taking these fire steps.

Smoke alarms save lives ONLY when they are working

- Test smoke alarms at least once a month – push the test button.
- Install new batteries at least once a year or when your alarm "chirps" with a low battery warning.
- Smoke alarms do wear out – replace every 10 years.

Make an escape plan

- Plan and then practice your escape. Every member of your family should know at least two ways out from every room.
- Make sure open doors and windows are easy to open. When escaping from an upper story window, plan a safe way to the ground.
- Pick a meeting place outside the home where every member of the family can gather once they've escaped.
- Know your local emergency number and call from a cell phone or a neighbor's house. Wait safely outside for the Fire Department to arrive.

Child fire play

- Children are fascinated by fire. Teach them about the dangers of fire and put fire starters out of their reach.
- Store matches and lighters up high or locked in cupboards.
- Don't leave children unsupervised around candles or open flames.
- Teach your children their part in the family escape plan.
- Let children know they should tell an adult if they find matches or lighters lying out – never to touch them.

Heat safety

- Keep space heaters and wood stoves off when you go to bed or leave the house.
- Always turn space heaters off when you go to bed or leave the house.
- Never leave children alone with a working fireplace, wood stove or space heater.
- Use a metal spark screen on your fireplace.
- Have your chimney inspected once a year by a professional. Clean chimney and flue pipes of creosote build up.
- Burn only dry, seasoned wood in wood stoves and fireplaces.

Big fires start small

- Don't give fire a place to start. Keep things neat. Clear clutter and combustibles out of basements – particularly near furnaces and hot water heaters.
- Never leave stove on, unattended. Use pot cover to smother fire.
- Do not overload an electrical outlet.
- Store flammable liquids – like paint thinners and gasoline – outside the home.
- Leave fire fighting to the experts. Fire grows surprisingly fast. Don't waste precious seconds trying to control any but the smallest fire. Get everyone out and call the Fire Department from a safe place.
- Fire safety is a way of life. Make an escape plan and practice it regularly. Put reminders to check smoke alarms on the family calendar – and when the date comes up – make the check. Make a regular fire safety inspection and correct any hazards you find.

Emergency 9-1-1

SMOKE ALARMS

Smoke Alarms are the first line of defense against toxic smoke and a deadly fire. The sound of a Smoke Alarm is your warning to leave the building. By developing and regularly practicing a fire escape plan, you will be prepared to react correctly if a fire strikes.

Smoke Alarms will only work if a charged battery is installed. Here are a few helpful hints to maintain a working smoke alarm:

- Smoke alarms belong on the ceiling of every level of the home, more the better. Install them in the basement, entrance way, hallway, and/or even in every bedroom.
- The sound of a smoke alarm usually means smoke danger.
- One beep every 30 seconds means the battery needs replacing.
- Clean the smoke alarm yearly. This can be done with a simple wipe with a damp cloth, vacuum or use of can air.
- Replace the battery in the smoke alarm every year. Before installing a new battery, write the date on it so you know when the year is up.
- Test your smoke alarm. This should be done yearly by pushing the test button on the alarm. If you cannot reach the alarm DO NOT stand on a chair, use a broom handle to reach the test button. If alarm does not sound replace the battery. If alarm still does not sound, replace the smoke alarm. Nothing is made to last forever.
- Replace your smoke alarm every 10 years. Smoke Alarms will have an expiry date on the back or inside the alarm.

We are here to help. If you are not sure on what or how to do a test or have any questions, please contact any of the local fire fighters or contact Adrien Hamoline at 306-230-1603.

Remember, Smoke Alarms can only warn you when they are working.

ATTENTION FARMERS

As we all know this has been a very dry farming season. We ask, with harvest soon approaching / here, that you be prepared for the worst-case scenario, whether it be an implement fire or grass fire. Have on your equipment at least a 10lb extinguisher and/or water pack. If you have a water tank--keep it full, and water pump--full of fuel. Have your cultivator easily accessible for quick hook-up for grass fire. Do you have a gas leaf blower? Leaf blowers also help in smaller grass fires-- blow the fire back into the burnt area. Keep it fueled and ready to go.

Have a safe harvest season

ABERDEEN CHRISTMAS MIRACLES

For 23 years, the Town and RM of Aberdeen have sponsored the Aberdeen Christmas Miracles program to provide help for our less fortunate families.

Hamper recipients must live in the Town or RM of Aberdeen and/or children must go to school in Aberdeen. Approximately one week before Christmas Mrs. Claus and her elves deliver hampers full of food, toys, clothes, toiletries and other goodies to our families. Please join our Facebook page Aberdeen Christmas Miracles Needs Help for more info.

Mrs. Claus & the elves need your help finding these families!

- Do you know anyone affected by illness, accident, layoff, or other trauma?
- Take a moment to carefully look around you (friends/neighbours)
- Every referral is checked and verified from 4 different sources:
No verification = No hamper
- Do not assume that someone is on our list
- Do not use our Facebook page for referrals: referrals are anonymous and confidential
- See below for contact info for referrals (Paulette, Marcea, or Post Office)
- Extra info is very helpful: full name, address, situation, children's names and ages and sizes, allergies, medical conditions (that have dietary restrictions), etc.
- Please join our Facebook page for more information

*** * Deadline for referrals is November 26, 2021 at 7pm * ***
