

GRAIN BAG RECYCLING

**R.M. OF ABERDEEN #373
RM OFFICE YARD**

Are used, empty grain bags taking up space on your farm? Bring them to this collection event for recycling!

Please call ahead to ensure someone is available for drop off.

When:

July 22 - Aug. 12, 2026

Mon - Fri: 10 am to 5 pm

Where:

RM of Aberdeen office yard

Phone: 306-253-4312

Steps to participate:

1. Remove debris while rolling grain bags
2. Roll grain bags tightly and secure with twine
3. Bring prepared grain bags to this event
No grain bag roller available on site. Loose grain bags will not be accepted.

Find out more about Cleanfarms' ag recycling programs on collection day. Interested in other collection locations for grain bag recycling and other used ag plastics? Please scan the QR code.

Grain Bag Recycling Program

3 steps to ensure your used grain bags can be accepted and recycled:

Grain bags that are returned loosely rolled require more space, are time consuming and difficult to manage with equipment, and they weigh very little, which is inefficient for transportation to a recycling facility.

1

Remove Debris

Grain bags need to be free of as much foreign material (spoilage, dirt, rocks, etc.) as possible.

Using a grain bag roller will help.

2

Roll

Grain bags must be rolled tightly with a grain bag roller* or old hay baler, and then secured tightly with twine.

3

Return

Bring rolled and tied grain bags to your local Cleanfarms collection site. For your nearest site, visit grainbagrecycling.ca

*Collection sites cannot accept unrolled or hand-rolled grain bags. Any improperly rolled bags may be rejected or subject to landfill tipping fees.

Cleanfarms operates this government-approved program in Saskatchewan on behalf of first sellers.
